

MD. Ashikur Rahman

Software Engineer

Mobile: +8801712 327242 **Email:** mdashikur567@gmail.com

Address: Sreerampur, South Chandpur-3570, Laksam, Cumilla

Career Objective

Motivated academic professional with a M.Sc. in Computer Science and Telecommunication Engineering and a published research record in cybersecurity and data analytics. Seeking a Lecturer position at a university to contribute to undergraduate and postgraduate teaching, curriculum development, and research in Software Engineering, Data Science, and Web Technologies while fostering an interactive and research-driven learning environment.

Research Interests

◦ Machine Learning & Data Analytics ◦ Cybersecurity & Malware Detection ◦ Feature Selection & Optimization Techniques

Education

Master of Science in
Computer Science and Telecommunication Engineering — **Aug 2022 to Mar 2024**
Noakhali Science and Technology University, Noakhali, Bangladesh

***CGPA*:** 3.85 (in the scale of 4)

Thesis: Analyzing the Effect of COVID-19 and Russia-Ukraine War on Energy Companies: A PCA-Based Study

Research Areas: Principal Component Analysis (PCA), Statistical Modeling, Data Analysis

Activities: NSTU Software Development Team (as *Web Developer*)

Bachelor of Science in
Computer Science and Telecommunication Engineering — **Jan 2017 to Mar 2022**
Noakhali Science and Technology University, Noakhali, Bangladesh

***CGPA*:** 3.57 (in the scale of 4)

Thesis: An Exploratory Analysis of Feature Selection for Malware Detection with Simple Machine Learning Algorithms

Research Areas: Machine Learning, Feature Selection, Cybersecurity

Activities: NSTU Software Development Team (as *Web Dev*), CSTE Club (as *Joint Secretary*)

Higher Secondary Certificate, Science — **2014 to 2016**
Government Science College, Teajgoan, Dhaka

GPA: 5.00 (in the scale of 5)

Secondary School Certificate, Science — **2012 to 2014**
Ashirpar High School, Monohorgonj, Cumilla

GPA: 5.00 (in the scale of 5)

Publications

An Exploratory Analysis of Feature Selection for Malware Detection with Simple Machine Learning Algorithms

Md Ashikur Rahman, Syful Islam, Yusuf Sulistyo Nugroho, Fatah Yasin Al Irsyadi, Md Javed Hossain

Journal of Communications Software and Systems, vol. 19, no. 3, pp. 207-219, September 2023, doi: 10.24138/jcomss-2023-0091

Teaching Experience

Industry Trainer – Web Design & Development **June 2024 to Mar 2025**

EDGE–NSTU-IIT Digital Skills Training,

Institute of Information Technology (IIT), Noakhali Science and Technology University

Responsibilities:

- Delivered structured training on Web Design (HTML, CSS, Bootstrap, JavaScript)
- Conducted backend development sessions using PHP and Laravel
- Taught MySQL Database design, normalization, relationships, joins, indexing, and query optimization
- Guided trainees in building full-stack web applications
- Designed course materials, assignments, quizzes, and evaluation frameworks
- Mentored and assessed batches of 25+ trainees per session

Research Experience

- Conducted machine learning–based research on malware detection using feature selection techniques
- Applied statistical techniques including Principal Component Analysis (PCA) for financial data modeling
- Experience in data preprocessing, model evaluation, and result interpretation
- Utilized Python, R, MATLAB, and statistical tools for research analysis

Academic Honors & Awards

National Science and Technology (NST) Fellowship - 2023

Ministry of Science and Technology, , Bangladesh

- Competitive national research grant awarded for postgraduate thesis research.

Professional Experience

Software Engineer **Jun 2024 to Present**

Gigalogy

House 1140, Road 11, Avenue 8, Mirpur DOHS, Dhaka, Bangladesh

Developed and maintained web applications using PHP and Laravel for the backend, and utilized Vue.js and Vuetify.js for the frontend.

Software Engineer **Aug 2023 to May 2024**

Softanis

Sector -12 Uttara Model Town, Dhaka – 1230, Bangladesh

Developed and maintained web applications using PHP and Laravel, occasionally assisting with WordPress tasks as needed. Additionally, working on data manipulation within the Zoho CRM platform, focusing on cloud-based solutions to optimize efficiency.

Academic & Technical Projects Experiences

Full Stack Web Developer — **Nov 2021 to May 2022, Oct 2022 to Mar 2023 and Jul 2023 to Nov 2023**

NSTU Admission System 2020-21, 2021-22 and 2022-23 sessions

Description: An online registration, result creation, migration, payment, notification, and contact with student's web application for NSTU Admission 2020-21, 2021-22 and 2022-23 sessions.

Full Stack Web Developer — **Oct 2022 to Nov 2022**

Online Training Module, Bangladesh Police

Description: An online course training system integrated with BD Police PIMS, Login, Study chapter by chapter, Multiple courses, Survey system, Quiz submit system and finally provide completion certificate.

Teaching Competencies

- Structured Programming
- Object-Oriented Programming
- Data Structures & Algorithms
- Database Management Systems
- Software Engineering
- Web Engineering
- Machine Learning (Introductory Level)

Technical Skills

Programming Languages - C, C++, Java, Python, PHP

Web Technologies - HTML, CSS, SASS, Bootstrap, JavaScript, Vue.js, Laravel

Database Systems - MySQL, Oracle (PL/SQL)

Research & Analytical Tools - MATLAB, R Studio, Spyder

Development Tools - Git, VS Code, NetBeans, CodeBlocks, VirtualBox
